A COURT OF INQUIRY.

It Will Look into Maclay's Attack on Admiral Schley.

ADMIRAL ASKS FOR IT

Secretary Long Says an Investigation Will Be Made in Justice to Schley—Dewey Will Be the Head of the Court.

Washington, July 24.—Secretary of Navy Long has received a letter from Admiral Schley asking for a court of inquiry. Nothing beyond this announcement has been made public. The secretary is now in conference with Judge Advocate General Lemly, Admiral Crowninshield and Captain Cowles, assistant chief of the bureau of navigation, presumably concerning the matter. Admiral Dewey arrived at the navy department shortly after 10:30 o'clock this morning, having been summoned from his country home near this city by Secretary Long. The conference which was in progress between the Secretary, Admiral Crowninshield, Captain Cowles and Judge Advocate General Lemly was immediately dissolved on the arrival of Admiral Dewey and the admiral and Secretary Long held a long conference.

In his letter to Secretary Long Admiral Schley does not specify any of the criticisms to which he takes exception, but asks, in view of the statements and innuendoes and abusive language contained in Maclay's history,

ADMIRAL SCHLEY.

which he says he does not consider worthy of use in any college in the country, that a court of inquiry of the "entire matter" be held. He also asks that the court shall sit in Washington where his papers are stored.

Secretary Long replied to the letter, saying that "under the circumstances" he heartily approved Admiral Schley's course and that the department will act favorably upon Admiral Schley's request.

It is stated that Admiral Dewey will undoubtedly be head of the court of inquiry. The other members of the court have not yet been decided upon. There is no intention of having the court convened at once, but it will meet when the weather becomes cooler.

Admiral Schley's letter to Secretary Long is as follows:

"Within the past few days series of press comments have been sent to me from various parts of the country entitled 'History of the Navy' written by one Edward Stanley Maclay. From these reviews it appears that this edition is the third volume of said history extended to include the late war with Spain, which the two first volumes do not contain and were in use as text books at the navy academy.

"2. From excerpts quoted in some reviews, in which the page and paragraph are given, there is such perversion of facts, misconstruction of intention, such intemperate abuse and defamation of myself as to subject Mr. Maclay to action in civil war. While I admit the right of fair criticism of every public officer, I must protest against the low flings and abusive language of this violent, partisan opponent, who has infused into pages of this book so much malice and unfairness as to make it unworthy the name of history or of use in any reputable institution of the country.

"I have refrained heretofore from all comment upon the innuendoes of enemies muttered or murmured in secret and therefore with safety to themselves, I think the time has now come to take such action as may bring this entire matter under discussion, under clearer and calmer review of my brothers in arms, and to this end I ask such action at the hands of the department as it may deem best to accomplish this purpose. But I would express a request in this connection that whatever action may be taken shall occur in Washington, where most of my papers and data are stored."

Secretary Long replied to Admiral Schley as follows:

"I am in receipt of yours of the 22nd instant, with reference to criticisms upon you in connection with the Spanish-American war and heartily approve

your action, under the circumstances, in asking at the hands of this department such action as may bring this entire matter under discussion under clearer and calmer review of your brothers in arms. The department will at once proceed in accordance with your request."

Cecil Rhodes Sworn In.

London, July 24.—King Edward held a privy council at the Marlborough House, when Cecil Rhodes was sworn in.

IMPORTING NEGROES.

Three Hundred at Chicago Ready to Take Places of Steel Workers.

Chicago, July 24.—The advent at Melrose Park today of 300 negro workmen, 25 women and 3 preachers, imported from Mobile, Ala., by the Latrobe Steel and Co. works, is awaited with interest by the residents of that suburb and the workmen now employed in the plant. Threats of the 600 workmen to strike for higher wages are believed to have been the cause of the importation, but this is denied by the officials of the company. They declare that the only reason the negroes are brought here is that it has been impossible to secure sufficient white help to do the work demanded from the Latrobe company by the United States Steel company. This reason is significant.

For the accommodation of the new men, long wooden sheds have been erected in the Latrobe company's yards. There, it is said the new men will sleep and be protected should there be any uprising against them.

Employees of the works declare that a number of extra guards have been employed by the company and they assert this is an indication that trouble is expected. The Latrobe company day laborers at Melrose Park receive 14 cents an hour and the mill men 17 cents an hour.

An impromptu mass meeting was held last night in front of the village hall. Residents of Maywood, Melrose Park and Bellwood gathered till fully 8000 persons were in attendance to protest against importations. While no direct threats were made it was prophesied that trouble would follow the arrival of imported laborers.

A committee was appointed to confer with the company and another to confer with Governor Yates to see if he would not take some immediate action to prevent the importation of the negroes.

TO RESTRAIN STRIKERS.

Injunction Proposed as the Best Way to Stop the Conflict.

Pittsburg, July 24.—It has been decided to carry the strike into the courts. It is learned that Judge P. M. Smith of Wellsville, O., has been retained by the American Sheet Steel company to prepare papers for presentation within a few days to the federal court asking for a restraining order to stop strikers from accosting or molesting in any way non-union men on the highways. The move promises a crisis in the strike.

The application for an injunction may be made in the United States district court and at first will apply only to Wellsville, but it is believed the plan is to pursue similar tactics at McKeesport and other places where necessary.

Grant Captured Again.

Helena, Mont., July 24.—William Miller, alias E. H. Grant, supposed to be one of the most notorious postoffice box robbers in the United States, was arrested at Havre and brought here. He had nothing to say. The federal authorities are satisfied they have the man they have spent months in trying to locate, and believe they have beoken up one of the boldest gangs that ever has preyed on government mails. After having a large force of the postoffice inspectors on the trail of the gang for a long time, and arrests were finally made last spring in Omaha. Two members of the gang, Prentiss Tiller and E. H. Grant, were taken into custody by the officers. In Chicago they escaped, but Tiller was caught in Chicago within a few days and Grant was traced to Buffalo, where he was arrested about a month later. Tiller and Grant were sentenced to five years.

Prairie Fire in Reservation.

Guthrie, O. T., July 24.—Prairie fires have been raging in the Kiowa and Comanche Indian reservations for three days past and hundreds of thousands of acres have been burned off. The fire started from the camp fires of careless settlers traveling over the country and owing to the great dryness of everything, it is impossible to check them, and not only all the grass is being burned off, but many fences and other improvements on Indian allotments are also burning. Several settlers have been caught in the path of the flames and have lost the camps and their wagons and it is feared some may have perished.

Cyclone at Vicksburg.

Vicksburg, Miss., July 24.—Hundreds of shade trees were prostrated, many roofs lifted and the walls of half a dozen buildings caved in by a cyclone which passed over this city Tuesday afternoon. The storm was accompanied by severe thunder and light-

SEND US YOUR ORDERS!

THE BRYAN GROCERY CO

ning and a veritable downpour of rain. Telephone and electric light and car service are badly crippled. The wind reached a velocity of 60 miles an hour. There were no casualties.

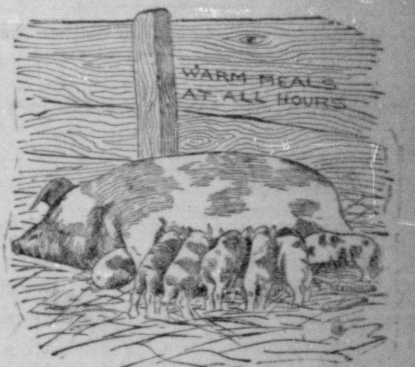

Another New Party.

Manila, July 24.—The Libertad is authority for the statement that Senor Paterno will leave the Federal party and will organize what he calls the Nationalist on a platform resembling that of the Conservatives, with Aguinaldo as president and former insurgent military officers and former members of the Federal party as leaders. The purpose of the new party will be the ultimate independence of the Philippines. This coincides with Senor Paterno's policy, as he has been making efforts to induce Aguinaldo to unite with the new party.

Palma for President.

Havana, July 24.—General Maximo Gomez, in an open letter asserts that he went to New York with a view of impressing upon T. Estrada Palma the necessity of coming to Cuba to be the first president of the republic.

The EXPOSITION Restaurant.

THE DAILY EAGLE.

Entered at the postoffice as second
Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

THURSDAY, JULY 25, 1901.

A Chicago company has made a
big purchase of land at Beaumont.

Col. Bill Sterrett is doing the
Farmers Congress as staff correspond-
ent of the News.

Prof. J. H. Connell's address as
president of the Farmers' Congress
is a splendid paper for those inter-
ested in the development of Texas
to peruse thoughtfully.

Doughty old Admiral Schley is
aroused by the villainous methods
of his traducers and is going to
make somebody smell brimstone
before the thing is through.

A receiver has been appointed
for the three million acre Capitol
syndicate cattle ranch in the Pan-
handle on account of a disagree-
ment among the stockholders.

The steel combine forces led by
J. P. Morgan have adopted the
motto, no compromise. The Rocky
Mountain News represents Morgan
as Sampson breaking the pillars
of peace and labor in the temple of
prosperity.

The expenses of a student in the
University of Texas vary with the
individual. The State provides
free tuition. At University Hall
board, light, fuel, and lodging has
been furnished one hundred and
fifty young men during the session
of 1900-1901 at prices ranging from
\$11 to \$12.25 per month. Fourteen
students were given free board for
waiting on their fellows during
meals. A number of student clubs
paid all boarding expenses for \$10,
per man and even less. The stu-
dent who is willing to deny himself
and who practices the most rigid
economy, may thus pay all his
legitimate college expenses for a
year on from \$150 to \$200. The
average will probably run above
the larger sum. As yet it is not
possible for a young woman to at-
tend the University so cheaply.
When the Legislature provides the
young women's home asked for, a
great reduction in expenses will be
rendered possible. Another year
it is hoped that such a building
will grace the Campus.

Franklin Bros. have not sold out
they are still doing business at the
same places, and their cold storage
meats are in the lead and gaining
the trade.

NO CHANCE FOR FRAUD

Government Takes Every Precaution
in Opening Indian Lands.

CAN BE NO TRANSFER

Secretary Hitchcock Says Any Scheme
to Dispose of Numbers Will Be
a Violation of Law and of
the Oath Required.

Washington, July 24. — Secretary
Hitchcock said in reference to the effort
to prevent the opening of Oklahoma
Indian lands to settlement by injunction
proceedings at El Reno that the prepa-
rations of the department for opening
will proceed as though no suit had been
begun.

"We shall not let the matter go by
default," said he, "but we apprehend
no obstacle from that proceeding. Any-
one can bring a suit." The secretary
took cognizance of reports coming from
Oklahoma that the men who are regis-
tering at El Reno and Fort Sill are do-
ing so with the intention of transferring
their rights to others. "The report,"
he said "is to the effect that they can
and will dispose of their number at
enormous profits. That is absurd, be-
cause it will be impossible under the
regulations for them to transfer their
rights. For any of them to attempt to
do so would be a clear violation of the
law. They took an oath not to do such a
thing and to use the rights for their ex-
clusive benefit. There can be no specu-
lation in the numbers."

The secretary also said that reports
are coming to the department of
schemes for disposing of numerous town-
sites, the promoters offering chances to
the public.

"The only town sites which have been
authorized," the secretary said, "are
those of the three county seats. No
others will be sanctioned and no one
knows where others will be. Hence all
except those three are bogus and reports
of their establishment should be de-
nounced as intended to deceive the public."

Referring to the suggestion that the
lands should be sold at auction and the
proceeds of the sale turned over to the
Indians, the secretary said:

"These lands are as much govern-
ment property as are any part of the
public domain. They have been pur-
chased from the Indians whose titles is
no longer in them. Hence the plan is
not feasible. Moreover, it would not
be wise if practicable, for if the lands
were put up at auction they would fall
into the hands of men with money and
the poor man would have no chance
whatever. Under the present plan all
have equal rights regardless of condi-
tions of wealth, and this fact is made
evident by the number taking advan-
tage of the opportunity for registering,
which will close at 6 p. m. on Friday."

NOT DECREASING.

Registration of Homeseekers Exceed One
Hundred and Thirty Thousand.

El Reno, O. T., July 24.—Ten thou-
sand eight hundred and eighty-one were
registered here yesterday, making the
total number at this place 102,917. Law-
ton registered 1667. Total both places
131,175.

Excursionists from the north and
east are beginning to arrive and the last
three days of the resignation will be big
ones. It is predicted that yesterday's
resignation of more than 14,000 will be
broken on the last days.

Governor Jenkins has instructed the
newly appointed county officers in Kiowa
and Comanche counties to have sev-
eral public wells sunk at once in the
public squares of the new county seats.
There will be plenty of water for the
crops after the day of opening.

A gang of grafters and some citizens
had another free fight on the street,
but nothing serious resulted. Several
of the grafters were arrested and the
others left town.

Thomas Morgan, an old soldier from
Kansas City, Mo., fell from a second
story window here and died from the
injuries received.

Law and Order League.

Fort Sill, O. T., July 24.—A law and
order league has been formed here to
suppress the crooks who have invested
the country since the Kiowa-Comanche
resignation began. The organization
has decided to print and distribute
handbills bearing the following:

"Notice is hereby served on all con-
fidence men, pickpockets, thieves and
crook who are caught plying their voca-
tions, that they will be hanged to the
nearest tree."

Boers Capture a Train.

London, July 24.—The war office has
received the following dispatch from
General Kitchener, dated Pretoria, July
23:

"A train from Cape Town with 113
men details and stores was held up,
captured and burned at Scheepers, eight
miles north of Beaufort West on July
21. Our casualties were 8 killed and 8
wounded."

Struck by Lightning.

Merkel, Tex., July 24.—During a
thunder shower in Mulberry Canyon
lightning struck and killed a man by
the name of Lay. It also struck his
wife and tore her shoe off. The man
was sitting in the door, his wife was
standing a little behind him and a little
boy was just outside the door, but the
child was unhurt.

TROUBLE IN ARKANSAS.

Two Factions at Osceola in a Squabble
Over Governor's Orders.

Memphis, July 24.—A special to The
Scimitar from Little Rock, Ark., says
Osceola, the county seat of Mississippi
county, is under armed insurrection on
account of Governor Davis having revo-
cated the commissions of Sheriff Sam
Bowen and Circuit Clerk C. S. Driver
and appointed J. A. Lovewell and J. W.
Rhodes respectively their successors.
Their commissions were forwarded by
Attorney O. T. Coleman of Little Rock,
but Bowen and Driver has taken pos-
session of courthouse supported by
determined followers and refuse to va-
cate. Practically the entire town is
under arms. Rhodes and Lovewell have
a following of probably 5000 men
and trouble may occur any time.

Serious trouble has been averted since
last Saturday only by active efforts on
the part of those who would preserve
peace. An appeal will be made to Gov.
Davis to put the county under martial
law.

American Jockey Almost Mobbed.

London, July 24.—"Cash" Sloan, the
American jockey who has been riding
in Russia, had an exciting experience
at the Moscow races, where he narrow-
ly escaped death at the hands of a fu-
rious mob. Sloan had been riding with
such continuous success that his mounts
were always favorites. On the occasion
in question he rode a horse which had
no chance of winning. The unsophisti-
cated crowd, however, backed the
American's mount as usual, and when
he was beaten their indignation boiled
over and a raging mob of males and fe-
males savagely attacked the jockey,
who was rescued with difficulty by mili-
tary contingent and a detachment of
police.

Encampment Notes.

Austin, July 24.—By command of the
governor, Adjutant General Scurry has
ordered a general courtmartial. Col.
W. D. Bettis of the First infantry, re-
tired, will be judge advocate.

The usual routine work was carried on
this morning. The Bruce medal for
the best drilled soldier will be drilled
for Friday afternoon. Three men from
each company may enter the drill.

Guards have been detailed to patrol
the city of Austin and to arrest soldiers
who are disorderly. One arrest was
made.

Switch Tampered With.

Muncie, Ind., July 24.—A west bound
special electric car on the Union Traction
company's line dashed into a regu-
lar passenger car from Indianapolis,
the switch having been tampered with.
The vestibules on both cars were smashed
and Motorman William Ellarr of
Muncie, had a close call for his life.
The special was filled with 125 negroes
from Anderson who attended a colored
social event in Muncie. Many persons
in both cars were injured. None are
reported as serious.

Killed by an Elevator.

St. Joseph, Mo., July 24.—August
Fuhrer, aged 27, was struck by an ele-
vator and instantly killed at the Nelson
Morris & Co. packing house in South
St. Joseph. He was on the third floor,
and evidently had leaned over and was
looking down the shaft when the freight
elevator, descending, struck the back of
his head, crushing the skull and break-
ing his neck. He fell back on the floor
and in a few minutes was dead.

Killing in Arkansas.

Mena, July 24.—E. T. McCough, pro-
prietor of a hotel and general merchan-
dise store at Wilton, about 60 miles
south of here, was shot and killed by
Mr. Lee of the same place. The killing
is said to be the result of McCough ac-
cusing Lee of stealing a cow. McCough
has prosecuted him in the courts three
times on the charge, but failed to con-
vict him. Lee has not been arrested.

Disastrous Hailstorm.

St. Petersburg, July 23.—A hailstorm
in the district of Schatzk, government
of Temboff, on Monday destroyed the
crops over a large area. Three men and
many cattle were killed while an entire
flock of sheep and two shepherds were
carried off by the flood. Some of the
hailstones weighed three pounds.

Concentration Camps.

London, July 24.—Parliamentary pa-
pers just issued gives the number of
persons in the concentration camps in
South Africa in June as follows: White,
85,410; colored, 23,489. There were 777
deaths among the whites in camps, in-
cluding 576 children. Deaths among
the colored persons numbered 5.

Killed by Lightning.

San Antonio, July 24.—Lightning
struck the Parker-Washington Paving
company's mine at Uvalde, killing Dud-
ley Brighton and three mules.
It is still raining here, almost a con-
tinuous downpour since Monday after-
noon.

Prominent Attorney Dead.

Denver, July 24.—Watson W. Moore,
formerly a leading member of the New
York bar, is dead here of paralysis of
the brain, aged 59 years. Mr. Moore
achieved international fame while ac-
ting as consul at Constantinople during
the Russo-Turkish troubles.

Charged With Theft.

Austin, July 24.—The police have
arrested John Washington, a negro,
charged with the theft of \$150 in dia-
monds from Dixie Darnell. The dia-
monds were stolen a few days ago.
Washington confessed to stealing the
diamonds and the gems were recovered.

Several Passengers Hurt.

Tiffin, Ia., July 24.—A passenger train
on the Rock Island railroad ran into
another which was going on to a siding.
A sleeping car was knocked over on its
side and several passengers injured, but
none seriously.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and
colds is all right, but you want
something that will relieve and cure
the more severe and dangerous re-
sults of throat and lung troubles.
What shall you do? Go to a warmer
more regular climate? Yes, if possi-
ble; if not possible for you, then in
either case take the only remedy
that has been introduced in all
civilized countries with success in
severe throat and lung troubles,
"Boschee's German Syrup." It not
only heals and stimulates the
tissues to destroy the germ disease,
but allays inflammation, causes easy
expectoration, gives a good night's
rest, and cures the patient. Try one
bottle. Recommended many years
by all druggists in the world. Get

The Fairest Offer Ever Made

To anyone suffering with Dyspepsia, Indigestion, Sour Stomach, Heartburn, take **Rex Dyspepsia Tablets**. All druggists are authorized by the manufacturers to refund the money in any case they fail to cure. Price 50 cents per package. Remember the name, **Rex Dyspepsia Tablets**. M. H. James, the leading druggist, Bryan, Texas.

To Whom it May Concern.

We find upon investigation that some of our patrons turn their water on at 4 or 5 o'clock each evening and permit the water to run until 9 or 10 o'clock at night, and frequently all night, causing a useless and extravagant waste, for which they do not pay and the company cannot afford to lose, and frequently cause a great deal of inconvenience to those who do not abuse their privilege. Some parties waste more water in one night than they pay for a month's service. The rules require the hose to be held when the water is turned on and cut off when through and under no circumstances be permitted to run when not held. We will cut off the service of those who abuse their privilege and no questions will be asked from this date. Call at office and get copy of rules.

B. W. L. L. & P. Co.

Our work is

CAUSE OF HEAT.

Scientist Serviss Gives His Reasons for the Extreme Hot Wave.

New York, July 24.—The Journal prints an article upon the hot weather by Garrett P. Serviss, the scientific writer. The article, dated at Ithaca, N. Y., says:

The burning heat now afflicting the whole of the United States and also on the other side of the Atlantic and generally throughout the Northern Hemisphere, is convincing proof of the fact that the earth is the satellite of a variable star. Only on the assumption that the source of terrible heat is directly in the sun and due to an extraordinary increase in its effective radiation can the long continued nature of the present meteorological disaster be satisfactorily explained.

All astronomers know that the face of the sun is blanketed with absorbing vapors, while its interior is much hotter than the glowing shell that we see. Strip off the vaporous blanket entirely and the surface of the earth would probably burst into smoke and flame in the instantaneous gush of unbearable heat that would be poured upon it.

Whenever, as occurs periodically, though not always to the same extent, the solar vapors are thinned, the heat from within leaps out through the weakened shell and strikes the earth and the other nearby planets as with a breath of fire from the suddenly opened door of a blazing furnace.

That is what happened this summer, and the immediate agency that has flung open the furnace doors and sent forth the destroying blast, is the mysterious power whose visible manifestations is the presence of black sun spots. But it is a mistake to suppose that the sun spots themselves exercise any direct influence upon the weather or that there must be spots on the sun whenever there is extraordinary heat on the earth.

The spots are simply indicators of the sun's condition resembling in that respect the eruptions on the face of a smallpox patient. They tell the story of the sun's internal convulsion and indicate some of the places on its surface where the pent-up forces are bursting out.

For the next four years these gigantic outbursts will increase in fury, and a corresponding series of terrestrial seasons marked by great excesses of temperature, sudden contrasts and extraordinary cyclonic disturbances will follow.

DEATHS AT ST. LOUIS.

Over 40 Died There as a Result of the Severe Heat.

St. Louis, July 24.—There were 22 deaths due directly to the heat reported in St. Louis Tuesday. In several of these cases death occurred late Monday and was not made public through the ordinary channels until Tuesday.

The number of prostrations reported were 55. These records for prostrations and deaths were never equalled in one day in the history of St. Louis.

The heat in St. Louis Tuesday was of the record-breaking sort, the government observation office mercury registering 106 in the shade at 5 o'clock in the afternoon. This was one degree short of Monday's maximum—107 degrees—which is the highest ever recorded in this vicinity.

Forty deaths have occurred in St. Louis in the past 48 hours from heat.

Rev. Gause Located.

La Porte, Ind., July 24.—Rev. Mahol Gause, a former pastor of the Friends church at Stillwell, and who was believed to have ended his life in San Francisco fully a year ago, has been found in Honolulu, where he is preaching. Thousands of dollars were spent by Gause's friends in an effort to find him, the best skilled detectives being employed on the case. Mrs. Gause died a few weeks before her husband's disappearance. Before death she passed through a remarkable trance, in which she says heaven was revealed. This preyed on Gause's mind and furnished the motive for his disappearance and supposed death by suicide. Gause is one of the best known ministers in Friends denomination in the west.

Gold Boom in Indiana.

Indianapolis, July 24.—Gold hunters from various parts of the state have flocked to Bear and Lick creeks, in Brown county, and farmers owning land in the vicinity have stiffened their prices until the average acre is held at \$100, where two months ago it could be purchased for \$15. All this is due to the fact that William Young, a prospector, at work in Brown county, forwarded to the Philadelphia mint Saturday \$400 in gold, which he washed out from Bear creek sands in less than a month's time. Several Indianapolis men have left for Brown county to negotiate for farm lands.

Fatal Quarrel Over Craps.

Cairo, Ill., July 24.—A homicide occurred in America, Pulaski county. Several negroes were engaged in a craps game, when John Wade shot and killed Hayes Madison. It is said that Madison took \$10 from Wade, whereupon the latter procured a gun and killed him. Wade is still at large.

Spain's Army and Navy.

Madrid, July 24.—Premier Sagasta has announced the government's programme which will include the reorganization of the army establishment on a basis for naval operations and construction of an arsenal on a vast scale.

George Siler Fined.

Sycamore, Ill., July 24.—George Siler, the noted prize fighter referee, was tried here for refereeing a prize fight in Gilbert county. Siler pleaded guilty and was fined \$75 and costs.

SERIOUS CLOUDBURST.

A Railroad Bridge Damaged Causing a Serious Wreck.

Cisco, Tex., July 24.—A waterspout fell northwest of Cisco Tuesday.

Ten miles of the Texas Central track has been washed away between Lueders and Albany and between Albany and Moran.

Three middle bents of the railroad's steel bridge across North Hubbard river were washed away.

Engine No. 108, in charge of Engineer Tom Boone, went through a small bridge between Reynolds and Albany. Fireman Alfred Johnson was killed and Engineer Boone was injured, but not fatally. Henry Andrews, a brakeman who was in the caboose at the time was slightly injured by jumping from the train as the engine went down.

The waterspout has done much damage, by washouts along ravines.

Texas Farmers' Congress.

College Station, Tex., July 24.—The fourth annual session of the Texas Farmers' congress convened here yesterday and will be in session until Friday night. Since the last meeting three additional state agricultural organizations have affiliated with the congress. At present there are 11 state organizations composing the congress, as follows: State Horticultural society, Texas Jersey Cattle club, Texas Dairy-men's association, Texas Cotton Growers' association, Texas Live Stock association, Texas Truck Growers' association, Texas State Floral society, South Texas Truck and Fruit Growers' association, Central Texas Beekeepers' association, Texas Poultry, Pigeon and Pet Stock association and the Texas Nurserymen's association.

An interesting addition to the congress is the woman's department, under the supervision of Mrs. S. E. Buchanan. The programme of this section is replete with subjects of vital interest to the home.

The attendance the first day was beyond expectation.

Robert P. Toole Dead.

Dallas, July 24.—W. E. Parry received a dispatch from Houston yesterday announcing the death of Robert P. Toole at Sour Lake. Mr. Toole was a well known newspaper man of the state and for a number of years has occupied a position as an editorial writer on the Houston Post. He was known personally to nearly all of the newspaper men in the state.

Attempted Assault Charged.

Paris, Tex., July 24.—Sheriff Martin and Deputy Sheriff Anderson had a call by telephone to Jennings, 10 miles south of here, and returned, having in custody a young farm hand charged with attempted criminal assault on the 5-year-old daughter of Walter Morgan. His examining trial is set for Saturday.

Seriously Slashed.

Ennis, Tex., July 24.—In a difficulty here Matt Andrews, a prominent farmer of the Bristol community, was seriously slashed. There were three stab wounds in the back, two of which are said to have penetrated to the hollow. Mack Earle was arrested and bail fixed at the sum of \$1800.

West Texas Drenched.

Midland, Tex., July 24.—Midland and vicinity have been visited by fine rains for the last few days. Rains have become general over the greater part of this section, extending to the Pecos on the south and for 100 miles in other directions.

Tragedy at Sulphur Springs.

Sulphur Springs, Tex., July 24.—In front of the southwest entrance to the courthouse Will Fite, Jr., was shot to death Tuesday afternoon. M. L. Parrish is in jail. They were neighbors and lived just north of Weaver in this county.

Shot Himself.

LaGrange, Tex., July 23.—Ferdinand Richter committed suicide here by shooting himself in the head with a rifle. Deceased was 20 years old and had been back from the asylum about two weeks.

Killed His Father.

San Antonio, July 24.—A special to The Light from Pleasanton, Atascosa county, says W. O. Read was killed by his son Oscar, who then suicided.

RICHE'S ESTIMATE.

He Makes Recommendations for River and Harbor Improvement.

Washington, July 24.—Captain C. S. Riche, in charge of the river and harbor work in the Galveston district, in his annual report recommends the following appropriations in excess of \$25,000 for the fiscal year ending June 30, 1903:

Galveston ship channel and Buffalo Bayou, \$1,000,000.

Mouth of Brazos river between Velasco and Richmond, west Galveston bay channel, \$100,000.

Aransas Pass, \$500,000.

Galveston harbor, \$550,000, \$500,000 of which is for repairs and the remainder for maintenance.

Captain Riche estimates that \$1,000,000 will be required to complete repairs made necessary by the hurricane on the gulf coast last year.

Captain Graham D. Fitch makes the following estimates for the rivers in Arkansas district.

Arkansas river in Arkansas and Kansas, \$40,000.

Upper White river in Arkansas, \$347,475.

Started a Fire With Coal Oil.

Midlothian, Tex., July 24.—While lighting a fire with coal oil Mrs. Bettie McElroy, living near Ovilla, was burned to death.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carrying superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our line is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."

WORLEY
PROPRIETOR.

A COURT OF INQUIRY.

It Will Look into Maclay's Attack
on Admiral Schley.

ADMIRAL ASKS FOR IT

Secretary Long Says an Investigation
Will Be Made in Justice to
Schley—Dewey Will Be the
Head of the Court.

Washington, July 24.—Secretary of Navy Long has received a letter from Admiral Schley asking for a court of inquiry. Nothing beyond this announcement has been made public. The secretary is now in conference with Judge Advocate General Lemly, Admiral Crowninshield and Captain Cowles, assistant chief of the bureau of navigation, presumably concerning the matter. Admiral Dewey arrived at the navy department shortly after 10:30 o'clock this morning, having been summoned from his country home near this city by Secretary Long. The conference which was in progress between the Secretary, Admiral Crowninshield, Captain Cowles and Judge Advocate General Lemly was immediately dissolved on the arrival of Admiral Dewey and the admiral and Secretary Long held a long conference.

In his letter to Secretary Long Admiral Schley does not specify any of the criticisms to which he takes exception, but asks, in view of the statements and innuendoes and abusive language contained in Maclay's history,

ADMIRAL SCHLEY.

which he says he does not consider worthy of use in any college in the country, that a court of inquiry of the "entire matter" be held. He also asks that the court shall sit in Washington where his papers are stored.

Secretary Long replied to the letter, saying that "under the circumstances" he heartily approved Admiral Schley's course and that the department will act favorably upon Admiral Schley's request.

It is stated that Admiral Dewey will undoubtedly be head of the court of inquiry. The other members of the court have not yet been decided upon. There is no intention of having the court convened at once, but it will meet when the weather becomes cooler.

Admiral Schley's letter to Secretary Long is as follows:

"Within the past few days series of press comments have been sent to me from various parts of the country entitled 'History of the Navy' written by one Edward Stanley Maclay. From these reviews it appears that this edition is the third volume of said history extended to include the late war with Spain, which the two first volumes do not contain and were in use as text books at the navy academy.

"2. From excerpts quoted in some reviews, in which the page and paragraph are given, there is such perversion of facts, misconception of intention, such intemperate abuse and defamation of myself as to subject Mr. Maclay to action in civil war. While I admit the right of fair criticism of every public officer, I must protest against the low flings and abusive language of this violent, partisan opponent, who has infused into pages of this book so much malice and unfairness as to make it unworthy the name of history or of use in any reputable institution of the country.

"I have refrained heretofore from all comment upon the innuendoes of enemies muttered or murmured in secret and therefore with safety to themselves, I think the time has now come to take such action as may bring this entire matter under discussion, under clearer and calmer review of my brothers in arms, and to this end I ask such action at the hands of the department as it may deem best to accomplish this purpose. But I would express a request in this connection that whatever action may be taken shall occur in Washington, where most of my papers and data are stored."

Secretary Long replied to Admiral Schley as follows:

"I am in receipt of yours of the 22nd instant, with reference to criticisms upon you in connection with the Spanish-American war and heartily approve

your action, under the circumstances, in asking at the hands of this department such action as may bring this entire matter under discussion under clearer and calmer review of your brothers in arms. The department will at once proceed in accordance with your request."

Cecil Rhodes Sworn In.

London, July 24.—King Edward held a privy council at the Marlborough House, when Cecil Rhodes was sworn in.

IMPORTING NEGROES.

Three Hundred at Chicago Ready to Take Places of Steel Workers.

Chicago, July 24.—The advent at Melrose Park today of 300 negro workmen, 25 women and 3 preachers, imported from Mobile, Ala., by the Latrobe Steel and Coupler works, is awaited with interest by the residents of that suburb and the workmen now employed in the plant. Threats of the 600 workmen to strike for higher wages are believed to have been the cause of the importation, but this is denied by the officials of the company. They declare that the only reason the negroes are brought here is that it has been impossible to secure sufficient white help to do the work demanded from the Latrobe company by the United States Steel company. This reason is significant.

For the accommodation of the new men, long wooden sheds have been erected in the Latrobe company's yards. There, it is said the new men will sleep and be protected should there be any uprising against them.

Employees of the works declare that a number of extra guards have been employed by the company and they assert this is an indication that trouble is expected. The Latrobe company day laborers at Melrose Park receive 14 cents an hour and the mill men 17 cents an hour.

An impromptu massmeeting was held last night in front of the village hall. Residents of Maywood, Melrose Park and Bellwood gathered till fully 3000 persons were in attendance to protest against importations. While no direct threats were made it was prophesied that trouble would follow the arrival of imported laborers.

A committee was appointed to confer with the company and another to confer with Governor Yates to see if he would not take some immediate action to prevent the importation of the negroes.

TO RESTRAIN STRIKERS.

Injunction Proposed as the Best Way to Stop the Conflict.

Pittsburg, July 24.—It has been decided to carry the strike into the courts. It is learned that Judge P. M. Smith of Wellsville, O., has been retained by the American Sheet Steel company to prepare papers for presentation within a few days to the federal court asking for a restraining order to stop strikers from accosting or molesting in any way non-union men on the highways. The move promises a crisis in the strike.

The application for an injunction may be made in the United States district court and at first will apply only to Wellsville, but it is believed the plan is to pursue similar tactics at McKeesport and other places where necessary.

Grant Captured Again.

Helena, Mont., July 24.—William Miller, alias E. H. Grant, supposed to be one of the most notorious postoffice box robbers in the United States, was arrested at Havre and brought here. He had nothing to say. The federal authorities are satisfied they have the man they have spent months in trying to locate, and believe they have broken up one of the boldest gangs that ever has preyed on government mails. After having a large force of the postoffice inspectors on the trail of the gang for a long time, and arrests were finally made last spring in Omaha. Two members of the gang, Prentiss Tiller and E. H. Grant, were taken into custody by the officers. In Chicago they escaped, but Tiller was caught in Chicago within a few days and Grant was traced to Buffalo, where he was arrested about a month later. Tiller and Grant were sentenced to five years.

Prairie Fire in Reservation.

Guthrie, O. T., July 24.—Prairie fires have been raging in the Kiowa and Comanche Indian reservations for three days past and hundreds of thousands of acres have been burned off. The fire started from the camp fires of careless settlers traveling over the country and owing to the great dryness of everything, it is impossible to check them, and not only all the grass is being burned off, but many fences and other improvements on Indian allotments are also burning. Several settlers have been caught in the path of the flames and have lost the camps and their wagons and it is feared some may have perished.

Cyclone at Vicksburg.

Vicksburg, Miss., July 24.—Hundreds of shade trees were prostrated, many roofs lifted and the walls of half a dozen buildings caved in by a cyclone which passed over this city Tuesday afternoon. The storm was accompanied by severe thunder and light-

THE BRYAN GROCERY CO

ning and a veritable downpour of rain. Telephone and electric light and car service are badly crippled. The wind reached a velocity of 60 miles an hour. There were no casualties.

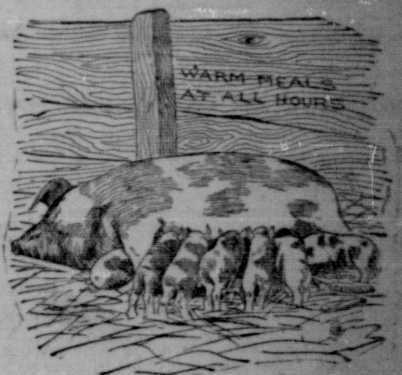

Another New Party.

Manila, July 24.—The Libertad is authority for the statement that Senor Paterno will leave the Federal party and will organize what he calls the Nationalist on a platform resembling that of the Conservatives, with Aginaldo as president and former insurgent military officers and former members of the Federal party as leaders. The purpose of the new party will be the ultimate independence of the Philippines. This coincides with Senor Paterno's policy, as he has been making efforts to induce Aginaldo to unite with the new party.

Palma for President.

Havana, July 24.—General Maximo Gomez, in an open letter asserts that he went to New York with a view of impressing upon T. Estrada Palma the necessity of coming to Cuba to be the first president of the republic.

THE DAILY EAGLE.

Entered at the postoffice as second
Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

THURSDAY, JULY 25, 1901.

A Chicago company has made a
big purchase of land at Beaumont.

Col. Bill Sterrett is doing the
Farmers Congress as staff corres-
pondent of the News.

Prof. J. H. Connell's address as
president of the Farmers' Congress
is a splendid paper for those inter-
ested in the development of Texas
to peruse thoughtfully.

Doughty old Admiral Schley is
aroused by the villainous methods
of his traducers and is going to
make somebody smell brimstone
before the thing is through.

A receiver has been appointed
for the three million acre Capitol
syndicate cattle ranch in the Pan-
handle on account of a disagree-
ment among the stockholders.

The steel combine forces led by
J. P. Morgan have adopted the
motto, no compromise. The Rocky
Mountain News represents Morgan
as Sampson breaking the pillars
of peace and labor in the temple of
prosperity.

The expenses of a student in the
University of Texas vary with the
individual. The State provides
free tuition. At University Hall
board, light, fuel, and lodging has
been furnished one hundred and
fifty young men during the session
of 1900-1901 at prices ranging from
\$11 to \$12.25 per month. Fourteen
students were given free board for
waiting on their fellows during
meals. A number of student clubs
paid all boarding expenses for \$10,
per man and even less. The stu-
dent who is willing to deny himself
and who practices the most rigid
economy, may thus pay all his
legitimate college expenses for a
year on from \$150 to \$200. The
average will probably run above
the larger sum. As yet it is not
possible for a young woman to at-
tend the University so cheaply.
When the Legislature provides the
young women's home asked for, a
great reduction in expenses will be
rendered possible. Another year
it is hoped that such a building
will grace the Campus.

Franklin Bros. have not sold out
they are still doing business at the
same places, and their cold storage
plants are in the lead and gaining
the trade.

NO CHANCE FOR FRAUD

Government Takes Every Precaution
in Opening Indian Lands.

CAN BE NO TRANSFER

Secretary Hitchcock Says Any Scheme
to Dispose of Numbers Will Be
a Violation of Law and of
the Oath Required.

Washington, July 24. — Secretary
Hitchcock said in reference to the effort
to prevent the opening of Oklahoma
Indian lands to settlement by injunction
proceedings at El Reno that the prepara-
tions of the department for opening
will proceed as though no suit had been
begun.

"We shall not let the matter go by
default," said he, "but we apprehend
no obstacle from that proceeding. Any-
one can bring a suit." The secretary
took cognizance of reports coming from
Oklahoma that the men who are regis-
tering at El Reno and Fort Sill are do-
ing so with the intention of transferring
their rights to others. "The report,"
he said "is to the effect that they can
and will dispose of their number at
enormous profits. That is absurd, be-
cause it will be impossible under the
regulations for them to transfer their
rights. For any of them to attempt to
do so would be a clear violation of the
law. They took an oath not to do such a
thing and to use the rights for their ex-
clusive benefit. There can be no specu-
lation in the numbers."

The secretary also said that reports
are coming to the department of
schemes for disposing of numerous town-
sites, the promoters offering chances to
the public.

"The only town sites which have been
authorized," the secretary said, "are
those of the three county seats. No
others will be sanctioned and no one
knows where others will be. Hence all
except those three are bogus and reports
of their establishment should be de-
nounced as intended to deceive the pub-
lic."

Referring to the suggestion that the
lands should be sold at auction and the
proceeds of the sale turned over to the
Indians, the secretary said:

"These lands are as much govern-
ment property as are any part of the
public domain. They have been pur-
chased from the Indians whose titles is
no longer in them. Hence the plan is
not feasible. Moreover, it would not
be wise if practicable, for if the lands
were put up at auction they would fall
into the hands of men with money and
the poor man would have no chance
whatever. Under the present plan all
have equal rights regardless of condi-
tions of wealth, and this fact is made
evident by the number taking advan-
tage of the opportunity for registering,
which will close at 6 p. m. on Friday."

NOT DECREASING.

Registration of Homeseekers Exceed One
Hundred and Thirty Thousand.

El Reno, O. T., July 24.—Ten thou-
sand eight hundred and eighty-one were
registered here yesterday, making the
total number at this place 102,917. Law-
ton registered 1667. Total both places
131,175.

Excursionists from the north and
east are beginning to arrive and the last
three days of the resignation will be big
ones. It is predicted that yesterday's
resignation of more than 14,000 will be
broken on the last days.

Governor Jenkins has instructed the
newly appointed county officers in Ki-
owa and Comanche counties to have sev-
eral public wells sunk at once in the
public squares of the new county seats.
There will be plenty of water for the
crowds after the day of opening.

A gang of grafters and some citizens
had another free fight on the street,
but nothing serious resulted. Several
of the grafters were arrested and the
others left town.

Thomas Morgan, an old soldier from
Kansas City, Mo., fell from a second
story window here and died from the
injuries received.

Law and Order League.

Fort Sill, O. T., July 24.—A law and
order league has been formed here to
suppress the crooks who have invested
the country since the Kiowa-Comanche
resignation began. The organization
has decided to print and distribute
handbills bearing the following:

"Notice is hereby served on all con-
fidence men, pickpockets, thieves and
crooks who are caught plying their voca-
tions, that they will be hanged to the
nearest tree."

Boers Capture a Train.

London, July 24.—The war office has
received the following dispatch from
General Kitchener, dated Pretoria, July
23:

"A train from Cape Town with 113
men details and stores was held up,
captured and burned at Scheepers, eight
miles north of Beaufort West on July
21. Our casualties were 8 killed and 8
wounded."

Struck by Lightning.

Merkel, Tex., July 24.—During a
thunder shower in Mulberry Canyon
lightning struck and killed a man by
the name of Lay. It also struck his
wife and tore her shoe off. The man
was sitting in the door, his wife was
standing a little behind him and a little
by was just outside the door, but the
child was unhurt.

TROUBLE IN ARKANSAS.

Two Factions at Osceola in a Squabble
Over Governor's Orders.

Memphis, July 24.—A special to The
Scimitar from Little Rock, Ark., says
Osceola, the county seat of Mississippi
county, is under armed insurrection on
account of Governor Davis having re-
voked the commissions of Sheriff Sam
Bowen and Circuit Clerk C. S. Driver
and appointed J. A. Lovewell and J. W.
Rhodes respectively their successors.
Their commissions were forwarded by
Attorney C. T. Coleman of Little Rock,
but Bowen and Driver has taken pos-
session of courthouse supported by
determined followers and refuse to va-
cate. Practically the entire town is
under arms. Rhodes and Lovewell
have a following of probably 5000 men
and trouble may occur any time.

Serious trouble has been averted since
last Saturday only by active efforts on
the part of those who would preserve
peace. An appeal will be made to Gov.
Davis to put the county under martial
law.

American Jockey Almost Mobbed.

London, July 24.—"Cash" Sloan, the
American jockey who has been riding
in Russia, had an exciting experience
at the Moscow races, where he narrow-
ly escaped death at the hands of a fu-
rious mob. Sloan had been riding with
such continuous success that his mounts
were always favorites. On the occasion
in question he rode a horse which had
no chance of winning. The unsophisti-
cated crowd, however, backed the
American's mount as usual, and when
he was beaten their indignation boiled
over and a raging mob of males and fe-
males savagely attacked the jockey,
who was rescued with difficulty by mili-
tary contingent and a detachment of
police.

Encampment Notes.

Austin, July 24.—By command of the
governor, Adjutant General Seury has
ordered a general courtmartial. Col.
W. D. Bettis of the First infantry, re-
tired, will be judge advocate.

The usual routine work was carried on
this morning. The Bruce medal for
the best drilled soldier will be drilled
for Friday afternoon. Three men from
each company may enter the drill.

Guards have been detailed to patrol
the city of Austin and to arrest soldiers
who are disorderly. One arrest was
made.

Switch Tampered With.

Muncie, Ind., July 24.—A west bound
special electric car on the Union Tra-
ction company's line dashed into a reg-
ular passenger car from Indianapolis,
the switch having been tampered with.
The vestibules on both cars were smash-
ed and Motorman William Ellarr of
Muncie, had a close call for his life.
The special was filled with 125 negroes
from Anderson who attended a colored
social event in Muncie. Many persons
in both cars were injured. None are
reported as serious.

Killed by an Elevator.

St. Joseph, Mo., July 24.—August
Fuhrer, aged 27, was struck by an ele-
vator and instantly killed at the Nelson
Morris & Co. packing house in South
St. Joseph. He was on the third floor,
and evidently had leaned over and was
looking down the shaft when the freight
elevator, descending, struck the back of
his head, crushing the skull and break-
ing his neck. He fell back on the floor
and in a few minutes was dead.

Killing in Arkansas.

Mena, July 24.—E. T. McCough, pro-
prietor of a hotel and general merchan-
dise store at Wilton, about 60 miles
south of here, was shot and killed by
Mr. Lee of the same place. The killing
is said to be the result of McCough ac-
cusing Lee of stealing a cow. McCough
has prosecuted him in the courts three
times on the charge, but failed to con-
vict him. Lee has not been arrested.

Disastrous Hailstorm.

St. Petersburg, July 23.—A hailstorm
in the district of Schatzk, government
of Temboff, on Monday destroyed the
crops over a large area. Three men and
many cattle were killed while an entire
flock of sheep and two shepherds were
carried off by the flood. Some of the
hailstones weighed three pounds.

Concentration Camps.

London, July 24.—Parliamentary pa-
pers just issued gives the number of
persons in the concentration camps in
South Africa in June as follows: White,
85,410; colored, 23,489. There were 777
deaths among the whites in camps, in-
cluding 576 children. Deaths among
the colored persons numbered 5.

Killed by Lightning.

San Antonio, July 24.—Lightning
struck the Parker-Washington Paving
company's mine at Uvalde, killing Dud-
ley Brighton and three mules.

It is still raining here, almost a con-
tinuous downpour since Monday after-
noon.

Prominent Attorney Dead.

Denver, July 24.—Watson W. Moore,
formerly a leading member of the New
York bar, is dead here of paralysis of
the brain, aged 59 years. Mr. Moore
achieved international fame while act-
ing as consul at Constantinople during
the Russo-Turkish troubles.

Charged With Theft.

Austin, July 24.—The police have
arrested John Washington, a negro,
charged with the theft of \$150 in dia-
monds from Dixie Darnell. The dia-
monds were stolen a few days ago.
Washington confessed to stealing the
diamonds and the gems were recovered.

Several Passengers Hurt.

Tiffin, Ia., July 24.—A passenger train
on the Rock Island railroad ran into
another which was going on to a siding.
A sleeping car was knocked over on its
side and several passengers injured, but
none seriously.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and
colds is all right, but you want
something that will relieve and cure
the more severe and dangerous re-
sults of throat and lung troubles.
What shall you do? Go to a warmer
more regular climate? Yes, if possi-
ble; if not possible for you, then in
either case take the only remedy
that has been introduced in all
civilized countries with success in
severe throat and lung troubles.
"Roschee's German Syrup." It not
only heals and stimulates the
tissues to destroy the germ disease,
but allays inflammation, causes easy
expectoration, gives a good night's
rest, and cures the patient. Try one
bottle. Recommended many years
by all druggists in the world. Get
Green's Prize Almanac. For sale by

The Fairest Offer Ever Made

To anyone suffering with Dyspepsia, Indigestion, Sour Stomach, Heartburn, take **Rex Dyspepsia Tablets**. All druggists are authorized by the manufacturers to refund the money in any case they fail to cure. Price 50 cents per package. Remember the name, **Rex Dyspepsia Tablets**. M. H. James, the leading druggist, Bryan, Texas.

To Whom it May Concern.

We find upon investigation that some of our patrons turn their water on at 4 or 5 o'clock each evening and permit the water to run until 9 or 10 o'clock at night, and frequently all night, causing a useless and extravagant waste, for which they do not pay and the company cannot afford to lose, and frequently cause a great deal of inconvenience to those who do not abuse their privilege. Some parties waste more water in one night than they pay for a month's service. The rules require the hose to be held when the water is turned on and cut off when through and under no circumstances be permitted to run when not held. We will cut off the service of those who abuse their privilege and no questions will be asked from this date. Call at office and get copy of rules. B. W. L. & P. Co. 99

Dying of Heat!

Hundre's are dying of heat in the northern cities where the hot weather records have been broken—We are all thankful it's not that bad here but it is bad enough—too bad unless you have

PLENTY OF PURE ICE.

It is good in sickness and in health; it will preserve your food and save your doctor's bill. It is the cheapest luxury in the world and one you cannot do without. Remember our ice is made from pure soft water, condensed, skimmed, reboiled, filtered and frozen. Delivered at your refrigerator.

TELEPHONE 206.

BRYAN, ICE, STORAGE AND COAL COMPANY

THE CONDITION OF THE PATIENT

Is often such that the slightest variation from what the doctor prescribes may have serious results. Prescriptions compounded here are absolutely correct. The order is followed exactly. We add nothing, hold out nothing and substitute nothing. The purest drugs and medicines are used. Everything is fresh and efficient.

M. H. JAMES,

THE LEADING DRUGGIST.

Our work is

Admired

for its style and quality. The hand of the skilled tailor is seen in the cut and finish—not an ungraceful line or a faulty stitch in any garment—OUR TAILOR MADE clothing is acknowledged by smart dressers to be absolutely perfect. The goods in our display are not excelled in beauty or quality by any in the city.

We spend all our money at home and support all home enterprises—we don't send off, do you?

JOHN WITMANN.

OLDEST INSURANCE AGENCY IN BRYAN;
ESTABLISHED 1878.

A. D. McConnico,
Fire, Life and Accident

INSURANCE

Franklin Brothers....

BUTCHERS

....and meat dealers

We buy Hides, Wool and Pelts and pay the highest market prices.

BRYAN, TEXAS.

Two Markets—One in new market building near courthouse and one next door to The Bryan Grocery Company

YOU'VE HEARD OF A

Horse Laugh

Well, that's the way he does when he is fed at my stable. He is in a good humor because he has eaten the best horse food to be found in Bryan. Then he feels good from a careful carrying and a gentle "rub down." My chief aim is to keep up my reputation for a first-class stable in every respect; I try to get the best and then give you advantage of my luck

Phone 112 for your rig next time.

J. V. BROGDON

Proprietor

Good Whiskey is Both Doctor and Tonic.

Better looking than many doctors, better tasting than all medicines. For general family use, nothing equals whiskey and HARPER Whiskey is pre-eminently the family whiskey. Sold by J. L. Hearne, Bryan, Texas.

CAUSE OF HEAT.

Scientist Surveys Gives His Reasons for the Extreme Hot Wave.

New York, July 24.—The Journal prints an article upon the hot weather by Garrett P. Serviss, the scientific writer. The article, dated at Ithaca, N. Y., says:

The burning heat now afflicting the whole of the United States and felt also on the other side of the Atlantic and generally throughout the Northern Hemisphere, is convincing proof of the fact that the earth is the satellite of a variable star. Only on the assumption that the source of terrible heat is directly in the sun and due to an extraordinary increase in its effective radiation can the long continued nature of the present meteorological disaster be satisfactorily explained.

All astronomers know that the face of the sun is blanketed with absorbing vapors, while its interior is much hotter than the glowing shell that we see. Strip off the vaporous blanket entirely and the surface of the earth would probably burst into smoke and flame in the instantaneous gush of unbearable heat that would be poured upon it.

Whenever, as occurs periodically, though not always to the same extent, the solar vapors are thinned, the heat from within leaps out through the weakened shell and strikes the earth and the other nearby planets as with a breath of fire from the suddenly opened door of a blazing furnace.

That is what happened this summer, and the immediate agency that has flung open the furnace doors and sent forth the destroying blast, is the mysterious power whose visible manifestations is the presence of black sun spots. But it is a mistake to suppose that the sun spots themselves exercise any direct influence upon the weather or that there must be spots on the sun whenever there is extraordinary heat on the earth.

The spots are simply indicators of the sun's condition resembling in that respect the eruptions on the face of a smallpox patient. They tell the story of the sun's internal convulsion and indicate some of the places on its surface where the pent-up forces are bursting out.

For the next four years these gigantic outbursts will increase in fury, and a corresponding series of terrestrial seasons marked by great excesses of temperature, sudden contrasts and extraordinary cyclonic disturbances will follow.

DEATHS AT ST. LOUIS.

Over 40 Died There as a Result of the Severe Heat.

St. Louis, July 24.—There were 22 deaths due directly to the heat reported in St. Louis Tuesday. In several of these cases death occurred late Monday and was not made public through the ordinary channels until Tuesday.

The number of prostrations reported were 55. These records for prostrations and deaths were never equalled in one day in the history of St. Louis.

The heat in St. Louis Tuesday was of the record-breaking sort, the government observation office mercury registering 106 in the shade at 5 o'clock in the afternoon. This was one degree short of Monday's maximum—107 degrees—which is the highest ever recorded in this vicinity.

Forty deaths have occurred in St. Louis in the past 48 hours from heat.

Rev. Gause Located.

La Porte, Ind., July 24.—Rev. Mahol Gause, a former pastor of the Friends church at Stillwell, and who was believed to have ended his life in San Francisco fully a year ago, has been found in Honolulu, where he is preaching. Thousands of dollars were spent by Gause's friends in an effort to find him, the best skilled detectives being employed on the case. Mrs. Gause died a few weeks before her husband's disappearance. Before death she passed through a remarkable trance, in which she says heaven was revealed. This preyed on Gause's mind and furnished the motive for his disappearance and supposed death by suicide. Gause is one of the best known ministers in Friends denomination in the west.

Gold Boom in Indiana.

Indianapolis, July 24.—Gold hunters from various parts of the state have flocked to Bear and Lick creeks, in Brown county, and farmers owning land in the vicinity have stiffened their prices until the average acre is held at \$100, where two months ago it could be purchased for \$15. All this is due to the fact that William Young, a prospector, at work in Brown county, forwarded to the Philadelphia mint Saturday \$400 in gold, which he washed out from Bear creek sands in less than a month's time. Several Indianapolis men have left for Brown county to negotiate for farm lands.

Fatal Quarrel Over Craps.

Cairo, Ill., July 24.—A homicide occurred in America, Pulaski county. Several negroes were engaged in a craps game, when John Wade shot and killed Hayes Madison. It is said that Madison took \$10 from Wade, whereupon the latter procured a gun and killed him. Wade is still at large.

Spain's Army and Navy.

Madrid, July 24.—Premier Sagasta has announced the government's programme which will include the reorganization of the army establishment on a basis for naval operations and construction of an arsenal on a vast scale.

George Siler Fined.

Sycamore, Ill., July 24.—George Siler, the noted prize fighter referee, was tried here for refereeing a prize fight in Gilbert county. Siler pleaded guilty and was fined \$75 and costs.

SERIOUS CLOUDBURST.

A Railroad Bridge Damaged Causing a Serious Wreck.

Cisco, Tex., July 24.—A waterspout fell northwest of Cisco Tuesday.

Ten miles of the Texas Central track has been washed away between Leanders and Albany and between Albany and Moran.

Three middle bents of the railroad's steel bridge across North Hubbard river were washed away.

Engine No. 108, in charge of Engineer Tom Beene, went through a small bridge between Reynolds and Albany. Fireman Alfred Johnson was killed and Engineer Beene was injured, but not fatally. Henry Andrews, a brakeman who was in the caboose at the time was slightly injured by jumping from the train as the engine went down.

The waterspout has done much damage, by washouts along ravines.

Texas Farmers' Congress.

College Station, Tex., July 24.—The fourth annual session of the Texas Farmers' congress convened here yesterday and will be in session until Friday night. Since the last meeting three additional state agricultural organizations have affiliated with the congress. At present there are 11 state organizations composing the congress, as follows: State Horticultural society, Texas Jersey Cattle club, Texas Dairy-men's association, Texas Cotton Growers' association, Texas Live Stock association, Texas Truck Growers' association, Texas State Floral society, South Texas Truck and Fruit Growers' association, Central Texas Beekeepers' association, Texas Poultry, Pigeon and Pet Stock association and the Texas Nursermen's association.

An interesting addition to the congress is the woman's department, under the supervision of Mrs. S. E. Buchanan. The programme of this section is replete with subjects of vital interest to the home.

The attendance the first day was beyond expectation.

Robert P. Toole Dead.

Dallas, July 24.—W. E. Parry received a dispatch from Houston yesterday announcing the death of Robert P. Toole at Sour Lake. Mr. Toole was a well known newspaper man of the state and for a number of years has occupied a position as an editorial writer on the Houston Post. He was known personally to nearly all of the newspaper men in the state.

Attempted Assault Charged.

Paris, Tex., July 24.—Sheriff Martin and Deputy Sheriff Anderson had a call by telephone to Jennings, 10 miles south of here, and returned, having in custody a young farm hand charged with attempted criminal assault on the 5-year-old daughter of Walter Morgan. His examining trial is set for Saturday.

Seriously Stabbed.

Ennis, Tex., July 24.—In a difficulty here Matt Andrews, a prominent farmer of the Bristol community, was seriously stabbed. There were three stabs in the back, two of which are said to have penetrated to the hollow. Mack Earle was arrested and bail fixed at the sum of \$1800.

West Texas Drenched.

Midland, Tex., July 24.—Midland and vicinity have been visited by fine rains for the last few days. Rains have become general over the greater part of this section, extending to the Pecos on the south and for 100 miles in other directions.

Tragedy at Sulphur Springs.

Sulphur Springs, Tex., July 24.—In front of the southwest entrance to the courthouse Will Fite, Jr., was shot to death Tuesday afternoon. M. L. Parrish is in jail. They were neighbors and lived just north of Weaver in this county.

Shot Himself.

LaGrange, Tex., July 23.—Ferdinand Richter committed suicide here by shooting himself in the head with a rifle. Deceased was 20 years old and had been back from the asylum about two weeks.

Killed His Father.

San Antonio, July 24.—A special to The Light from Pleasanton, Atascosa county, says W. O. Read was killed by his son Oscar, who then suicided.

RICHE'S ESTIMATE.

He Makes Recommendations for River and Harbor Improvement.

Washington, July 24.—Captain C. S. Riche, in charge of the river and harbor work in the Galveston district, in his annual report recommends the following appropriations in excess of \$25,000 for the fiscal year ending June 30, 1903:

Galveston ship channel and Buffalo Bayou, \$1,000,000.

Month of Brazos river between Volasco and Richmond, west Galveston bay channel, \$100,000.

Aransas Pass, \$500,000.

Galveston harbor, \$550,000, \$500,000 of which is for repairs and the remainder for maintenance.

Captain Riche estimates that \$1,000,000 will be required to complete repairs made necessary by the hurricane on the gulf coast last year.

Captain Graham D. Fitch makes the following estimates for the rivers in Arkansas district.

Arkansas river in Arkansas and Kansas, \$40,000.

Upper White river in Arkansas, \$347,475.

Started a Fire With Coal Oil.

Midlothian, Tex., July 24.—While lighting a fire with coal oil Mrs. Bettie McElroy, living near Ovilla, was burned to death.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—You Don't Have to Apologize for Riding on "THE DENVER ROAD."
